The International Federation
of Head and Neck Oncologic Societies
presents

Current Concepts in Head & Neck Surgery and Oncology

Welcome to IFHNOS 2010

The International Federation of Head and Neck Oncologic Societies is offering a global continuing medical education program featuring the most respected leaders in the field of head & neck surgery and oncology.

Leaders in the specialty of head and neck oncology have organized this program for each region. The program will provide state-of-the-art knowledge and explore the frontiers of head and neck cancer diagnosis and treatment. Ample opportunity for interactive sessions between the local faculty, attendees and the travelling faculty will be provided.
